

## AQUINAS INSTITUTE NEW LIBRARY AND CLASSROOM ADDITION

*Rochester, NY*

Passero Associates provided architectural design and construction administration services for this conversion of an existing gym and exercise room into an 8,000 SF state-of-the-art open and airy library space with two computer rooms, two classrooms, teachers lounge and restrooms.

The classrooms are equipped with “smart boards” and audio visual equipment. The computer rooms are wired for all voice and data drops.
