

# Matthew's East End Grill

Rochester, New York

## PROJECT STATISTICS

**Client:**

Matthew's East End Grill

**Completion Date:**

2002

**Cost:**

\$250,000

This former auto repair shop was brilliantly transformed into a beautiful upscale restaurant and bar in a trendy, east-end neighborhood. The owners required a fast-track approach with less than four months for design and construction.

Passero Associates was hired to prepare and complete the design and finishes. Passero Associates paid close attention to layout, colors, acoustics and flooring. Innovative finishes, stains and designs went into this beautifully constructed eatery and bar.
