

Nu-Look Collision

Henrietta, New York

PROJECT STATISTICS

Client:

Di Associates

Project Cost:

\$1.2 Million

Completion Date:

October 2003

A flagship auto body repair center and corporate headquarters in Henrietta. Over 16,000 square feet of state-of-the-art design and construction completed on time and under budget. Building construction consists of a steel structure with masonry and metal-framed exterior walls. The facility includes a gas fired rooftop unit for the offices and gas fired radiant tub heaters for the repair center.
