

# Methamphetamine Sampling Services

Passero Associates is one of the leading consultants providing methamphetamine sampling services including abatement recommendations and post abatement clearance sampling. Passero Associates has extensive experience assisting property owners in assessment and decontamination of structures where methamphetamine occurred.

Passero Associates has conducted several indoor air quality surveys to assess the presence and concentrations of airborne contaminants in a structure which are at unacceptable concentrations.

Services include:

- Assessment of Potential Indoor Contaminant Services
- Evaluation of Sampling Results for Compliance with OSHA and other Regulatory Requirements
- Development of Engineering Controls for the Improvement of Indoor Air Quality
- Total Particulate Sampling
- Volatile Organic Contaminants (VOCs) Assessments
- Biological Sampling
- Temperature, Relative Humidity, Carbon Monoxide, Ventilation, Air Movement, and Pressurization
